Dear TRY Students and Families,

Shalom to all! I'm sure that the delay of TRY is affecting everyone differently. Academically, we have taken a look at things and due to the delayed end date, we are going to be able to successfully cover material for almost all of the classes offered. However, there are two types of classes that will require some meetings prior in order to ensure they complete their material: AP classes and Block classes.

The AP exam dates are set by the College Board. In an effort to make certain that your AP student is properly prepared for the exams at the end of May (we register for the later date), we are going to begin AP courses on January 31. Courses will meet according to each teacher's availability, via Zoom, times TBA.

In addition, we will also offer Block courses, beginning Jan 31, which are courses designed to complete a year's worth of material in one semester. There is a lot of material to cover and beginning these courses will be crucial. Please note that for the Block classes, the delayed ending of the program will allow for additional time for classes to be completed.

Please [click here](#) to let us know if you will attend, and which class(es). If you are concerned about a class, or think I may have missed something, please [email me](#) and I will look into it. I will update you with the timing for each class as soon as we know.

For your reference, here are the list of courses being offered online:

AP Calculus AB, AP English Language and Composition, AP Calculus BC, AP European History, AP French Language and Culture, AP Human Geography, AP Microeconomics, AP Physics, AP Psychology, AP Spanish Language and Culture, AP US Government and Politics, AP US History, AP World History

Grade 10 History: Canadian, Grade 10 Math: Canadian, Grade 10 Science: Canadian English (for Block students only), Biology (for Block students only), US History (for Block students only)

Thank you for your flexibility!
